

COMMITTEE REPORTS

CANON PASTOR

The office of canon pastor remains a separate entity from the Safe Church Program.

Dyan Davison was appointed canon pastor in February 2017. During these past two years, the canon pastor worked closely with the executive officer, Barry Foster.

The office has dealt with a number of new matters in the past two years and all of these matters have been appropriately concluded.

There are no other active files at this time.

Also during the period since the last Synod, the canon pastor has conducted a training sessions with diocesan staff to provide information about the role of canon pastor and how our Sexual Misconduct Policy is put into action when required.

Sincerely,

The Rev Dyan Davison
canon pastor
