

COMMITTEE REPORTS

SAFE CHURCH

During this past year, because of COVID, our Safe Church program has been on hold. As we move forward into 2021, we are exploring ways of enabling us to hold this program remotely by Zoom or online. I thank you for your patience. The principles of Safe Church remain the same.

A way to ensure that we are engaging in safe practices, in the meantime, please be diligent in making sure that volunteers in our parishes have current CRCs in place. These, as usual, should be kept in the synod office.

Following Synod 2021, we will be actively pursuing ways to hold our Safe Church workshops virtually.

Again, thank you for your patience.
